0.5 to 1.0 mil

Mixing

The Anti-Graffiti/ Dry Erase Clear is supplied at print-ready viscosity and can be used directly from the container. Thinning is not recommended.

Storage

Care should be taken to store ink in tightly closed containers located in a cool (60-80°F/15-27°C) dark place. With suitable conditions, unopened ink is expected to have a shelf life of approximately twelve (12) months from date of manufacture, six (6) months for white inks.

Precautions

Read the safety data sheet prior to processing. It contains instructions for precautions to be taken when handling inks. If ink comes in contact with skin wipe off with a clean, dry cloth (do not use solvent). Wash and rinse the affected areas with soap and water

As a quality control measure please check inks properties before proceeding with production runs.

WARNING: This product will not perform if it has been under-cured as there will be a haze left by the marker that cannot be removed.
