

January 1, 2020

Pursuant to regulation EC 1907/2006; REACH SVHC Table, 205 Substances - Updated January 16, 2020*

Based on information from our suppliers, the following Polymeric US's standard product lines **are not** manufactured with any of the substances listed in the most recent REACH SVHC list. These series include but are not limited to:

Diamond-Kote	DTG	DualCure DC
GBS Series	GTR Graphic Transfer	K2 Series
Lightspeed	Mosaic	Prestige
Renegade GP	Shurfire	Shurfoot
Smokescreen	Solarshield	Universal
Universal Plus	VWrap	PCM

Based on information from our suppliers, the products listed below **are** manufactured with one or more substances on the most recent SVHC list at greater than .1% by weight. †

Checkmate II	Checkmate LV	Decoprint
Duraflex DF	Election Series	F-Vac
Heatfold HF	Hyflex	Imagemark XR
Lazer LXII	LTD Long-Term Decal	LE Series
Lightspeed	Static King	Thermoform TF
Ultrabond WR	Uniprint	Universal Series
UVD		

Compliance for the above list of products is based on information from our raw material suppliers as well as our formulation. This is for information only and does not constitute any formal guarantee since the products are not tested regularly. However, based on experience and knowledge, the end-user can be reasonably certain of compliance to the REACH SVHC list. Polymeric US urges that all customers and/or end-users determine independently the suitability of our products under actual end-use and final processing conditions.

For further regulatory information, please reference the SDS sheet available at polymericgroup.com or contact the Regulatory Compliance Department at 816-221-5567 or via email at regulatory@polymericgroup.com.
